

## Year 8 Homework Timetable

- Students should expect to spend between 20 and 30 minutes on each piece of homework.
- Students will have pieces of homework to complete every night.
- Our supervised independent study sessions are used to complete homework and enable students learn how to prioritise tasks and organise their time on homework.
- In order to help organise their time students can use the relevant homework timetable below, as they will still have tasks to complete outside of the independent study sessions.

English, Maths, Science and Spanish will set homework every week. All other subjects set homework on a fortnightly rota (week 1 and week 2).

Please be aware that due to some classes having two teachers for the same subject, there may be times when homework is set on an alternative day to allow both teachers to set work.

All homework will be logged on INSIGHT.
