

ENRICHMENT

AT NOTTINGHAM FREE SCHOOL

NOTTINGHAM
FREE SCHOOL

Years 7 and 8

Why?

Why do we have enrichment lessons at Nottingham Free School?

At Nottingham Free School we aim to ensure all of our students achieve a good career through university or equivalent training. The combination of excellent academic qualifications combined with the wider skills developed during enrichment provision gives all of our students the ability to fully develop all of the skills required by employers. The ten key employability skills are shown below.

Employability Skills

- 1. Self-motivation** taking responsibility for developing work readiness
- 2. Self-assurance** having the tools and skills to present themselves to employers
- 3. Aspiration** having high personal goals
- 4. Informed** understanding the opportunities available and making realistic choices
- 5. Experience** having experience of work that is rewarding and fulfilling
- 6. Achieving** qualifications valued by employers
- 7. Accountability** understanding how to take responsibility
- 8. Resilience** understanding employers need for people who can listen and learn
- 9. Entrepreneurial** working creatively to achieve personal and business potential
- 10. Co-operation** developing effective communication and co working skills

Each enrichment lesson you choose will develop at least one of these skills. It is important that you choose lessons that will give you a rounded set of skills. Take time to read through all of the options in the booklet before you are asked to state your preferences. Think about what skills you need to develop as well as activities that you would enjoy. Maybe it's time to have a new experience and try something completely different, rather than choose something you already have experience of.

Creative Writing From Brilliant Books

Have you ever wished you could make people understand your point of view, or that you could communicate exactly what you are feeling? We will explore how to do just that. We will delve into the world of written and spoken word and prove that everybody can be a writer.

During the sessions you will get the chance to try your hand at writing in a variety of different ways and discover your own 'voice'.

You will get the chance to meet different authors and discuss their style and approach to writing.

We will also work on producing your own E-book and paperback which will include stories, poems, reviews, anything you want to put in there. You will produce the content and learn how to make your own E-book in the future.

You don't need to have any experience of writing, you can be shy or outgoing – the most exciting work often comes out of groups with a real mixture of people.

Be prepared to...

Have the confidence to read your work aloud so that people can hear how it sounds 'off the page'. You will also become a published author!
