

Year 10 Homework Timetable

- Students should expect to spend between 45 and 60 minutes on each piece of homework.
- Students will have pieces of homework to complete every night.
- Our supervised independent study sessions are used to complete homework and enable students learn how to prioritise tasks and organise their time on homework.
- In order to help organise their time students can use the relevant homework timetable below, as they will still have tasks to complete outside of the independent study sessions.

All subjects will set homework every week, however please be aware that there may be times when additional homework is set outside of the timetable.

Due to some classes having two teachers for the same subject, there may be times when homework is set on an alternative day to allow both teachers to set work.

All homework will be logged on INSIGHT.

	Monday	Tuesday	Wednesday	Thursday	Friday
Core			Maths	English	
		Biology 10a1	Chemistry 10a1		Physics 10a1
		Biology 10a2	Physics 10a2		Chemistry 10a2
			Physics 10b1	Biology 10b1	Chemistry 10b1
			Biology 10b2	Chemistry 10b2	Physics 10b2
Options	Option C	Option A	Option D	Option B	Humanities
	Spanish	Computer Studies	Geography	Drama	10A Geography
